

The MUZART Messenger

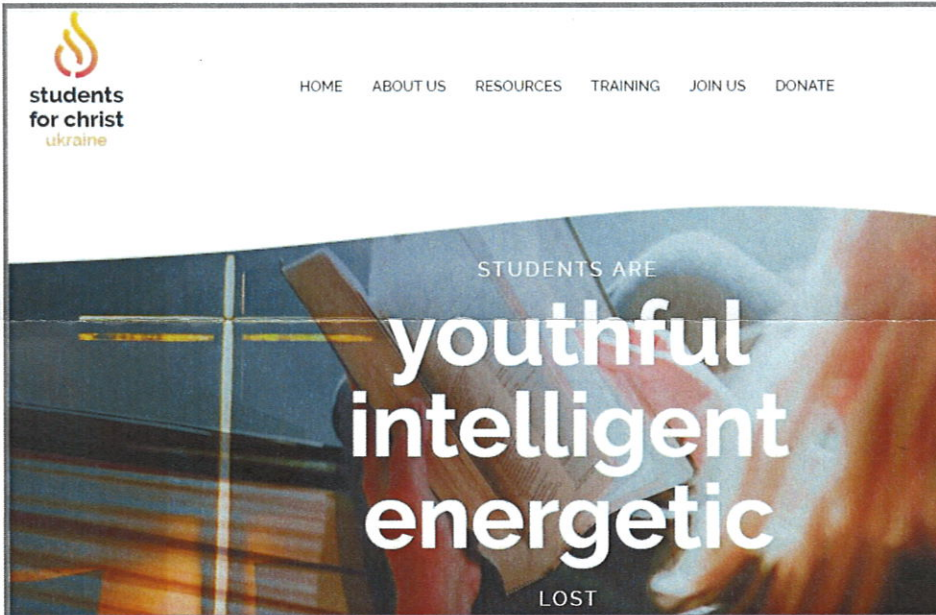

Reaching University Students in Eurasia Northwest and Beyond ...

AGWM

October
2020
Kyiv,
Ukraine

We are NOW BOOKING for a 2021-2022 itineration in the US. Contact us to schedule!

Not All Fun & Games

We are privileged to mentor dedicated young people who have a vision to reach the next generation for Jesus.

Praise God for Jossence who finds time to lead and mobilize prayer events while struggling to support herself and three siblings with a start-up business, when she's not in class herself.

Pray for Martha, faithful small group leader and recent grad, who travels home from work alone at 3am every day. Her dark skin makes her a target.

Thank God for Maria, who continues to enthusiastically lead the student ministry at her church. She is a Ukrainian physically separated from her Canadian husband in their first year of marriage due to covid paperwork complications.

Maria's hard work and creativity helps to draw 30-40 students to monthly parties at our house. These evangelistic events include worship, prayer, dramatic Bible reading, small group discussions, an invitation to online discipleship groups, food and... fun and games! Enjoy photos and videos on our Facebook ministry page, the Muzart Messenger.

LFTL Reaches Students in the Slavic World

Thank you for your prayers for a new website. Check out www.sfcukraine.org! This site is designed primarily to engage and equip Spirit-filled Christians to reach university students. It contains enough free resources, training videos, and networking possibilities for any Ukrainian, Russian, or English speaker to start and run a successful university ministry. Shout out to the Ohio and Kentucky districts of the Assemblies of God for providing Light for the Lost funds for this website as well as for all our literature. Now that we have e-resources, the next step is print media. The largest distributor of Christian books in Ukraine is already interested in our Ukrainian and Russian translations of *Discipleship by Design*. Pray for high quality production.
